Mrs. Clum has been engaged to teach the Agua Fria school. Her term will commence next Monday.

Miss Lucene Gould left yesterday afternoon for Kirkland valley, where she will open school next Monday.

School teachers are more plentiful this season than last, although the supply does not seem in excess of the demand.

Henry Johnson has lumber on the ground for the erection of a new residence on the lot adjoining the Baptist church on the north.

A deed has been filed for record from C. C. Given to John C. De Laverge, for 4 acres of land near Flagstaff, the price paid being \$700.00.

Our Jewish brethren are observing a holiday. Their business houses were closed last evening, and will remain closed until this evening.

An addition is being built to the residence of C. S. Hutchinson, and Mrs. Clum is also enlarging her residence in the same vicinity.

L. D. Cook, of the Boaz Mining company, has been in Prescott for two or three days, and will leave for the mines of that company tomorrow.

A deed from James M. Ellis to Br. Clark & Thorne, for lot at the corner of Taylor and Grand streets, Prescott, in consideration of \$100, has been filed for record.

Geo. H. Tucker, editor of the Flagstaff Champion, Ralph Cameron, a merchant, and C. H. Schuler, a stock man of the same place, came in on today's train, to attend the republican convention.

A. M. Britton and G. L. Battle, of the Boaz Mining company, arrived on today's train. Two more gentlemen connected with the same company are expected tomorrow. They all hail from Fort Worth, Texas.

J. V. Rhodes, a stockholder and director of the Arizona Cattle company of Flagstaff, is in town, looking after the business interests of the company here. Mr. Rhodes is also delegate to the republican convention, and will remain over for that meeting.

Mr. Fuller, of Walnut Grove, came to Prescott last evening with the report that Wm. Pierce, an old resident of that town, was in a dying condition. Drs. Robinson and McCandless were summoned to attend him yesterday, the former remaining all night.

FROM FRIDAY'S DAILY.

Mrs. Harris Baldwin is sick.

The rainy season is fairly over.

Six mining men came in on today's train.

W. S. Head, of Camp Verde, is in town.

The time in which to register is growing short.

Mr. Myers came in from Jerome last evening.

Stage fare to Jerome has been reduced to \$3.50.

H. B. Crouch and Chas. Ryall have gone back to the Verde valley.

Billy Bailey is now in charge of the Prescott & Arizona Central train.

There is a growing demand for good mining property in this section.

W. B. Long, superintendent of the Oro Bella mining company, is in town.

No action was taken on the home rule suggestion at the democratic convention.

Dr. Marshall, the Flagstaff dentist, will make a professional visit to Prescott soon.

Shull & Austin sent out a four-horse stage to the Boaz mine today loaded with passengers.

Murray McInerney arrived from the Verde today, to attend the republican convention.

The construction of another dam for water storage purposes is talked of on the Hassayampa. It will be several miles further down the stream than the present one.

Mrs. J. L. Fisher was taken suddenly and very seriously ill last night, remaining in an unconscious condition for about two hours. Her condition is very much improved today.

J. W. Sullivan came in today from the Cataract country. He says water f is getting very scarce in that section, and he was compelled to move a portion of his to a better watered range.

P. L. Kastner, today, purchased the vacant property between Cox's drug store and Bashford & Burmeister's store, from Dr. Geo. D. Kendall. It is the intention to erect a brick building on it for the purpose of opening a first-class restaurant and saloon.

Flagstaff has her various interests well represented in the delegation to

the republican convention to-morrow. There are two attorneys, one editor, two merchants, one cattle man, one sheep man, and one lumber manufacturer.

The JOURNAL-MINER, a few weeks since, announced the demise of the Frisco Signal. The announcement proved premature, as it proved to be only in a comatose state, and was afterwards revived for two or three issues. We are reliably informed now that it is surely dead beyond resurrection, the business having been merged into that of the Democrat.

Mr. Ehle, whose residence is on the corner of Montezuma and Willis streets, has recently had the same enlarged and greatly improved, making it one of the finest places in town. Mr. Ehle has a number of rooms which he rents out to parties desiring them, either by the day, week or month. The place is surrounded with beautiful shade trees, giving it a home like appearance, and a desirable place to stop.

The September issue of The American Magazine is a noteworthy one. In addition to an interesting and varied collection of choice literary features, are two very forcible articles on questions of the day—one on "The President's Error," by James G. Blaine, and the other by Governor Forsaker, on "Tariff and Labor." Mr. Blaine takes Mr. Cleveland severely to task for many of the assertions made in his message of last December, and Governor Forsaker handles his subject in his usual clear style.

FROM SATURDAY'S DAILY.

Ray Hill is sick.

City taxes will be delinquent October 1st.

Wm. Pierce, of Walnut Grove, died on Thursday.

Mr. Harris says his section of Yavapai county is prosperous.

H. T. Andrews returned from his visit to Tucson last evening.

F. Leavick, who has large mining interests in this section, came in from Colorado yesterday, and left for his mines today.

Thomas Wing brought in a peach this morning from his Granite Delta ranch which measured 10 1/2 inches in circumference.

D. B. Harter, one of the substantial citizens of Tonto basin, arrived last evening, to participate in the deliberations of the republican convention.

Our democratic contemporary makes a strong and even pitiful appeal this morning for republican patronage. It must be cheerful reading for a straight out, conscientious republican, to read in each issue diatribes vilifying republicans as thieves and rogues.

The Courier contains a political truth by saying that "It is generally the worst treasury wrecker and boulder who tries to pull wool over the eyes of struggling tax payers." That is just what the democratic party did for years in this county by upholding De lauder Cook and supporting him for reelection, term after term.

Wm. Pierce and family, after spending the summer very pleasantly in Prescott, left by private conveyance this morning for their home in Phoenix. Mr. Pierce expressed himself delighted with the climate of Prescott, and pleased with the hospitality of its people, and says that as a summer resort he does not want any better place.

The horse attached to the new delivery cart of the Tragic meat market yesterday gave some exhibitions of bucking that showed him quite a professional. He kept up the performance until the driver was thrown from his seat, when he ran away and cavorted all around town, but was finally caught, without any serious damage occurring.

T. R. Koch and Chas. Daggett, capitalists of Fort Worth, Texas, both of whom are largely interested in the Boaz mining company, arrived on yesterday's train, and immediately left in company of Messrs. Cook, Britton and Battle for that property. Two more gentlemen connected with the same company are expected in a few days.

C. W. Barry, representing a Colorado smelting company, of Colorado, arrived on yesterday's train, for the purpose of investigating the mining resources of this section, with a view of possibly establishing a reduction plant here. Mr. Barry represents a large and wealthy corporation, and should it be decided to erect works here, they would be of great material advantage to the town.

Democratic Territorial Central Committee.

The new Democratic Territorial Central Committee selected at the late convention at Tucson is as follows:

Yavapai—A. G. Oliver, T. G. Norris and S. P. Behan.

Cochise—A. R. English, E. R. Monk and West Howell.

Apache—Henry Smith and J. O. Simpson.

Yuma—J. H. Behan and Samuel Purdy.

Pinal—Jerry Fryer and G. W. Campbell.

Graham—Geo. H. Stevens and J. T. Fitzgerald.

Pima—C. M. Bruce, L. C. Hughes and Richard Harrison.

Maricopa—Ben Goodrich, Ben Goldman, N. T. Smith.

Gila—W. A. Holmes, P. C. Robertson, Mohave—To be filled.

Men and Women's Bones.

Joints and muscles may escape the agonizing tortures of rheumatism if they will but "take time by the forelock," and annihilate the symptoms of oncoming trouble with the benignant and highly sanctioned blood purifier and alterative, Hostetter's Stomach Bitters. Poisons mostly constitute the ordinary means of battling with this atrocious complaint. Avoid the risk of using these by resorting to the safe as well as the effectual anti-phlogistic and preventive. After exposure to damp, through drafts and other causes which encourage a rheumatic tendency, a wineglassful of the Bitters prevents ill effects. No surer preventive of malarial ailments like fever and ague, bilious remittent, dumb ague and ague, exists, and it is besides, a most general restorative of strength exhausted by excessive mental or physical effort. Miners, masters, operatives and others whose avocations involve laborious work in rough weather out of doors, or close application indoors, find it invaluable.

FROM MONDAY'S DAILY.

Lieut. Horse left today, to join his regiment.

O. F. Place left for the east this afternoon.

The Whipple auction was well attended today.

Murray McInerney left for the Verde valley this afternoon.

Wm. Cooper and John Roberts left for home this afternoon.

Charles A. Girdler came in from the Etta mine, on Saturday evening.

The Chautauquan club has changed its day of meeting to Saturday again.

Isaac T. Stoddard, of the Oro Bella company arrived in Prescott yesterday.

Miss Mimi Martin is stopping at the residence of Mr. and Mrs. W. C. Bashford.

Miss May Martin, sister of Duncan M. and Miss Mimi Martin, left yesterday, to teach school in Skull valley.

The Flagstaff Democrat, which failed to reach this office for three or four weeks, is at hand again, enlarged, having absorbed its contemporary, the Signal.

Miss Ella Flag has been engaged to teach a school in the Verde valley. Miss Flag taught in the Prescott schools last year, and was very successful and well liked by her pupils.

Negotiations are said to be pending between James M. Vandeburg and Roake & Hammond, of Vulture, for the sale of the former's store and station at Weaver, to the latter gentlemen.

John Dunham was placed in the county jail on Saturday, charged with horse stealing. He is only a boy of sixteen or eighteen, was brought from Flagstaff, and when arrested offered fight to the officers.

J. V. Rhodes made friends of all those with whom he became acquainted during his recent visit to Prescott. He is an exceptionally bright and intelligent young man, and if elected to serve as a legislator will perform his duty honestly and zealously.

"Old Grizzly" and Sam. F. Powell left for their homes today. Mr. Callen authorized us to say, before he left, that all rumors of his disaffection politically were untrue. That whatever work he did would be for the election of the republican ticket.

Col. L. F. Eggers has been invited by the national republican committee to take the stump in the eastern states, as a good speaker, and may accept the invitation. Should he decide to do so, he will do some effective work for the cause.

A notice of the promenade concert and ball, given on Friday evening, was unintentionally omitted in Saturday's issue, owing to convention matters crowding us for both time and space. The entertainment was well attended, and the Prescott orchestra, by their excellent rendering of a well selected programme, won many encomiums from their audience, and realized a neat little sum for their benefit from the proceeds of the entertainment.

Messrs. Geo. H. Tinker, Ralph Cameron, Chas. Schultz, J. V. Rhodes, and Frank Rogers, comprising the Flagstaff and Williams delegation to the republican convention, left for their homes yesterday afternoon. While not gaining every point desired by them in the convention, they gained an equivalent to it and went away satisfied, and will work with enthusiasm for the success of the ticket. A more genial and intelligent lot of delegates is seldom found in a convention than those representing our northern precincts this year.

FROM TUESDAY'S DAILY.

Voters should register.

Troops at Whipple will be paid off to-morrow.

Railroad tickets bought and sold at A. Aiken's.

Freelancers in from his Kirkland valley ranch.

Stonewall Whiskey, at the Montezuma, 8 years old.

A. N. Tallman and wife came in from Prescott Junction today.

Aiken has the "boss" cigar—the "Key West Bouquet."

Frank Raymond left for his Kirkland valley mining camp this afternoon.

J. E. Beggs, of the Stage company has been spending several days in town.

Oh, for a good smoke! Aiken has it—the "Key West Bouquet."

James M. Ellis has sold lot 58, block 15, Prescott, to Herndon & Hawkins for \$800.

John Tolman is sick. He is being cared for by George Merwin, at the latter's room.

The Chinese laundry men in Prescott have formed a trust and raised the price of washing.

New invoice of Jackson county, Kentucky, whisky just received at the Prescott Sample rooms.

J. R. Liston is in town laying in supplies for his mining camp, in the Bradshaw country.

Miss Nellie Osenburg will sing a number of songs, accompanying herself on the banjo, at the concert on the 20th instant.

Buy your Louisiana State Lottery tickets of A. Aiken, who has the agency for the same, in Prescott.

There are now forty-two school districts in this county, as against about twenty-five two years ago.

The time lock on a Flagstaff bank vault refused to work—went on a strike, so to speak, and they had to telegraph to Chicago for an expert to open it.

Paymaster Gleason arrived at Whipple today, and will gladden the soldier boys' hearts at Whipple by paying them off. From there he goes to Camp Verde.

Kentucky sour mash whisky double stand out good; and genuine Tennessee white eye at the Cob Web.

For sale, at the City Feed Yard two horses, harness and wagon; also, a stylish pony, in fine condition; all gentle animals, and a lady's saddle, at a very low price.

Thursday evening, September 20th, is the date fixed by Mrs. E. W. French

and Miss Nellie Osenburg for giving their concert. They are preparing an excellent programme for the occasion.

Lovers of good liquor should try the Monogram whisky, for sale by M. Goldwater & Bro.

For fine flavor and size, the Lynx Creek Peaches cannot be excelled. A. Aiken has them for sale, cheap for cash.

The Beauty and Queen cigars, at G. Washington Ford's, are of an excellent quality, fine flavor, and well worth the price, 12 1/2 cents each. Try them.

Rev. G. H. Adams preached to large congregations both morning and evening at the Marina Street church. Mr. Adams is very popular in the territory, and is always greeted with large audiences wherever he goes.

Remember, Geo. H. Curry has put watch cleaning down to \$1.50 and new main springs, \$1. His reputation for the last 10 years in Prescott guarantees first-class work. Nothing more, but the price.

Some one broke into the residence of Mr. and Mrs. E. W. French yesterday afternoon, during the absence of the family, and finding the hiding place of \$50, abstracted it, leaving the house in a disordered state.

Dr. J. M. Marshall, an excellent dentist of Flagstaff, arrived on today's train, and has taken rooms at the Bellevue hotel. His office is in room 2, where all parties desiring first class dental work done and guaranteed can find him.

A petition has been received by County School Superintendent O'Neill, asking that a school district be established at Tabac City, in the northern part of the county. There are twenty-five pupils in the territory embraced in the district.

J. J. Hyde was not the republican clerk of the board of supervisors of Maricopa county or any other kind of a clerk of theirs, as stated in the Courier. Mr. Goldman occupies the position of clerk of that board. If Mr. Hyde has really left the county, leaving unpaid bills, he has probably gone to meet that democratic defaulter from Mohave county, Mr. Buckbaum.

J. R. Hill, who for the past two weeks has been here in the interest of, and writing up this part of Arizona for the Golden Era, published at San Diego, Cal., seems to be doing well, and in his descriptive work and otherwise. As our citizens become better acquainted with him and the nature of the work he is engaged in, they feel that, in consideration of those things and the standing of the magazine, it is more than an ordinary opportunity, and that the offer is a liberal one.

How they voted.

The Tucson Star gives the following as the vote on the resolution of the national and territorial administrations, and advises its reader to cut it out and preserve for future reference:

Apache—W. T. Dalby, with proxies of D. C. Bunch, A. B. Green, F. P. Goodwin, D. C. Bunch, and J. T. Lezner, Yeas, six.

Gila—W. P. Blair, T. C. Robertson and W. A. Holmes, Yeas, three.

Graham—H. C. Boone, B. M. Crawford, G. Webb, D. H. Ming, J. T. Fitzgerald and G. H. Stevens, Yeas, six.

Yavapai—J. C. Herndon, W. J. Mulvenon, H. Goldwater, with six proxies, Yeas, nine. J. P. Lowry and H. T. Andrews with one proxy, Yeas, three.

Yuma—J. H. Behan, Samuel Purdy and M. J. Nugent, Yeas, three.

Train Robbery.

Sheriff Mulvenon received the following telegram from Division Superintendent Dodge of the Atlantic & Pacific railroad, yesterday about noon: "The west bound express train was stopped by three masked men at Parker's mill last night, but they did not get anything. Francis is now at Belmont with a posse, but says he cannot do much until Indian traders get there to-morrow morning. One of the men was low sized, short, sandy whiskers and mustache and wore a blue cloth hat. All three looked like cowboys. A reward of five hundred dollars is offered for the capture and conviction of each or fifteen hundred dollars for the three, which will probably be increased by Wells, Fargo & Co."

Sheriff Mulvenon left on yesterday afternoon's train for the scene of the robbery and will engage Indian traders and try to run the robbers to earth.

The train was stopped at the above point, and the engineer and fireman were covered with pistols by the robbers, who compelled them to detach the engine and two front cars from the train and run about two miles, when the robbers returned and searched the cars, which contained only mail and baggage, the express car which they were after, being left with the passenger coaches. The mails were untouched. This is the first train robbery ever committed in this county.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have verified their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at C. S. Hutchinson's Drug Store.

Convention Echoes.

"A good ticket" is the universal verdict of citizens, regardless of politics. A more efficient secretary could not have been selected than D. M. Martin. The ticket causes our democratic friends to shed tears over the defeat of some aspirants for office.

As a good single-handed worker with genuine pluck and stay-with-it qualities, Murray McInerney is hard to beat.

Brother Tinker, in his convention talks, showed himself to be an eloquent speaker, in addition to his being an able writer.

The thanks tendered to the chairman and secretary of the convention was unanimously omitted in our report on Saturday.

E. W. Sanford made a splendid presiding officer. He was correct in his rulings and firm in his decisions, and gave good satisfaction.

"A much better ticket than we nominated," remarked a prominent democrat, this morning, who was a delegate to the democratic convention.

The Flagstaff delegation worked like Trojans for their favorite candidate for councilman, but gracefully and good naturedly acquiesced to the will of the majority.

The humor in W. C. Bashford's resolution welcoming democrats to the republican fold, since they had failed to endorse themselves or their officials, was heartily appreciated, and was received with applause.

In not a single instance was a nominee an aspirant for the office for which he was nominated. It was a genuine case all around of the office seeking the man, rather of the delegates taking the matter in hand and seeking out the best men for the position, regardless of personal aspirations. They succeeded admirably in doing so.

"Old Grizzly" says the only thing he knows of "pop," as intimated in the morning paper, will be a persistent and straight fight for the whole ticket. He says "Old Grizzly" is a straight republican good, and can neither be coaxed, coaxed, bought, intimidated or kicked into being a democrat or into supporting the democratic ticket, or any part of it."

The Season.

A new number of "The Season" is at hand—brilliant as usual.

"The Season" is a first-class Ladies' Fashion Magazine. Each number containing about 150 illustrations of the newest Paris fashions and the most elegant designs in fancy work, embroidery, crochet and needlework; plain sewing and lace work; lace, tulle, muslin, cambric and tulle, etc.; Irish point, lace, damask on tulle, flagstone on linen, etc.; a variety of designs in rug work, tatting, netting, knotting and frame work; pillow lace; paper, wool and leather fashions; mosaic patterns; three large colored plates; two historical or national costume pictures; a pattern sheet with about twenty flat paper patterns; a richly illustrated review of novelties; initial letters, monograms and alphabets, etc. The information given is clear, plain, comprehensive and practical. Price, each monthly part, only 20 cents. Of all news dealers; or, The International News Company, New York.

The Chautauquans.

The regular weekly meeting of the Chautauquan reading circle was held on Saturday afternoon at the residence of Mrs. W. O. O'Neill. Roll call quotations were from Philip Sidney and Shakespeare. Mrs. W. O. O'Neill gave a criticism on the above poets, while Mrs. F. W. Blake read a biographical sketch of them. The remainder of an article on "Eugenie and the Court of the Tuilleries" was read by Mrs. N. O. Murphy. An article on "Modern Spanish Art" was read by Mrs. F. W. Blake. Current events were then discussed, when the club adjourned to meet at the residence of Miss Amelia Rush, next Saturday afternoon at 2 o'clock.

Interest to Physicians.

More has of late been heard of heart troubles and deaths from heart disease than ever before in the history of the country. It may, therefore, be of interest to the physicians to know that Dr. German, a distinguished European physician, read a paper before the French Academy of Sciences, lately, in which he affirms his belief that he has discovered a remedy for heart disease. It is iodide of potassium, taken for so long a period and so administered that it will not interfere with digestion. Dr. German declares that this treatment not only arrests, but also cures the disease.—Ex.

Horse Case.

An interesting legal tournament came off before Judge W. H. Metcalf, on Saturday last. George Haggerty sued J. T. Shull, for the value of a mare and colt—\$90. The facts developed before the court and jury were that, about a year ago the plaintiff and one Musser traded horses—both running on the range, and the plaintiff swore that Shull was to deliver the mare and colt, within eight days. Defendant swore that he made no such promise, and that he did the promise was without consideration.

The jury gave a verdict for the defendant.

A Woman's Discovery.

"Another wonderful discovery has been made, and that, too, by a lady in this country. Disease fastened its clutches upon her, and for seven years she withstood all medical tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus wrote W. C. Hanrick & Co., of Shelby, N. C.—Get a free trial bottle at C. S. Hutchinson's Drug Store.

OUR TERRITORY.

Chips From Our Territorial Exchanges.

Tempe has a republican club of sixty-five members.

Eighteen students are in attendance at the Normal school.

The republicans of Phenix cast 412 votes at their primary.

A kin of 80,000 brick for the university has just been burnt.

Charles B. Gennung's residence in Phenix was destroyed by fire recently.

Maricopa county republicans want J. Y. T. Smith for joint councilman from this district.

The site of the Eagle Flouring mill of Tucson was blown open recently and robbed of \$600.

The Phenix police made thirty-three arrests in August, from which \$74,500 in fines were collected.

Tombstone contributes \$1,500 monthly to lotteries, and probably three times that amount to faro.

The firm of Adamson & Burbage have disposed of their entire interests in Hubbrook, to the A. C. M. I., of Woodruff.

Fred Uthner was stung by a centipede last night, and is suffering greatly. Fred is a printer, and it is hard to hurt a member of the art preserve.—Arizonan.

Ex-Chairman P. J. Bolan was complimented by a hearty endorsement at the convention for his services to the democratic party as its chairman during the last two years.

The rumored hanging of William and Louis Neglin, of Tombstone, prove to have been untrue. The former, as heretofore reported, was recently in Winslow, while the latter is reported in Phenix, by the Arizonan.

The Tucson Star, the leading democratic paper of Arizona, says: "Hon. Morris Goldwater, of Prescott, the newly elected chairman of the democratic territorial central committee, and Hon. Richard Rule, of Tombstone, our new secretary, are two of the stalwart democrats of Arizona, and both are good political managers. There is no discounting their fealty to the party and its principles."

The following is the complete democratic ticket of Maricopa county: For council, Sam F. Webb; representatives, E. J. Edwards and W. L. George; sheriff, W. T. Gray; district attorney, Frank Cox; probate judge, Frank Baxter; assessor and tax collector, J. L. Murphy; recorder, Neri Osborn; treasurer, J. W. Gresham; surveyor, W. M. Breckenridge; supervisors, C. R. Hakes and Chas. Shankard.

A miniature war, growing out of a Fourth of July shooting scrape, occurred at Winslow last week, but happily without bloodshed, although it is not yet ended. Bill Lee, who was implicated in a shooting scrape on the Fourth of July, came to the town, when Constable McKinney attempted to arrest him. Lee resisted and was aided by Dave Blair, a former resident of Flagstaff. Several shots were fired, while all parties took to cover, but with their arms, each waiting for one of the other party to show himself to take a shot. In this way matters stood all day, but when Deputy Sheriff Houck arrived and secured a truce.

OUR MINES.

What is being done in the various Mining Camps in this Section.

Mr. Delcott won the Bramlett mine at Tip Top at the raffle the other evening.

One from the Congress mine is arriving at the rate of over a car load per week.

The Oro Bella company have commenced to build a road to their mines in Bradshaw district.

Robert Cartmell has a car load of high grade ore ready to ship from the Grand Hog mine, on Lynx Creek.

Captain Brann made a clean up a few days ago, at the wonder mill, of ore from the Veteran mine, the result being highly satisfactory.

The Oro Bella mining company, last week, purchased the Wonder mill on Turkey creek, and will immediately remove it to their mines in the Bradshaw mountains. The president of the company has arrived and will start work at once.

The pipe conveying water to the Vulture burst last week, causing the mill to close down for five days, during which time there was almost a water famine in the camp. The stage company, which depends on the Vulture mining company for water for their stock, were compelled to pay \$2 per barrel for water.

S. C. Miller has been engaged to move the steam hoist recently purchased by J. L. Fisher and T. J. Dunleavy for the Scotch Lassie mine, and the work of putting it in position at the mine will be commenced next week.

Messrs. Fisher & Dunleavy expect to commence work sinking on the mine about the first of October.

Governor Trille returned last evening from a visit to Jerome, and reports the product of the United Verde mines, since starting the furnaces under the management of W. A. Clark, being 750 tons of refined copper. The mines that are being worked, he says, are looking extremely well, having a supply of ore in sight sufficient to run the furnaces a long time. The average yield of the mine is 15 per cent. copper, also a percentage of gold and silver. Showing the confidence of the present management of the permanency of the mines, they have just let a contract for 800 feet of tunneling, to open them up to a depth of 400 feet. The Governor also added, that under the superintendence of Mr. Thompson, in the smelting department, and Mr. Giroux, in the mines, the management was very efficient and economical, and from present indications the United Verde would continue to be a copper producer for years to come.

I have had catarrh in head and nostrils for ten years so bad that there were great sores in my nose, and one place was eaten through. I got Ely's Cream Balm. Two bottles did the work, but am still using it. My nose and head are well. I feel like another man.—Chas. S. McMillan, Sibley, Jackson Co., Mo. Experience has demonstrated that Ely's Cream Balm is the best catarrh remedy in use. My daughter, who is a sufferer from that miserable disease, is much better by the use of one bottle.—Dr. R. A. UNION PUBLIC ORE SAMPLING CO. DENVER, COLO.

Register.

Eight weeks till election.

Thos. Urquhart left for Jerome this morning.

General Harrison's letter of acceptance is out.

We are prepared to receive word on subscription again.

Henry Johnson has the frame work of his residence up.

B. B. Crapo is in town nursing a very painful rheumatic arm.

Captain P. M. Fisher is still confined to his room from sickness.

Candidates should keep their weather eye open for the ingenuous voters.

Get o. w. at Wash. Ford's.

T. W. Otis will donate ten acres of land adjoining Prescott to the company that will erect a reduction plant here.

"A lying scandal" is what our contemporary calls the Prescott telegraph correspondent of the Examiner and Chronicle.

The following are the lucky numbers in the Louisiana lottery drawing: 37, 429, 21,925, 1,587, 81,617, 62,315, 68,481, 154, 38,225, 441, 58,688.

Our country readers are requested to scan closely the republican ticket, found in this issue. It is a good one from councilman to supervisor.

A great many who, two years ago, were shouting that J. M. Myers was too old for sheriff, are now splitting their throats for a man as old as he.

Mohave county Hyde only went to see his democratic defaulting, swindling friend, Buckbaum, one of the leading democrats of northern Arizona, and forgot to return.

Registration closes early next month. Every voter must register in order to vote. See that your name is placed upon the great register if it is not already there, and see that your neighbor does likewise.

We have talked with scores of leading democrats in this vicinity, as well as from every portion of the county, who state that they will support J. G. O'Neill for sheriff. They think the office should be filled by a young, active and competent man.

Our republican friends throughout the county will confer a favor by aiding us in still further extending the circulation of this paper. Those who have interested themselves with such good results during the past week have our thanks for a large addition to our subscription list.

The only war tariff in effect now is the whisky and tobacco tax. While howling about the war tariff, the democrats are at the same time charging republicans with favoring free whisky. If the only existing war tariff is to be removed, it will have to be from these two articles.

Returns from the Maine state election shows a republican majority of over 20,000, or nearly double the usual majority. Oregon, Vermont and Maine have sounded the key of the national campaign—a solid republican north, with possibly one or two of the southern states. Let republicans in this county and territory put their shoulders to the wheel of protection to American industries and roll up a majority for the party.

The board of trade, at its meeting last evening, adjourned until Thursday evening, without transacting any business. Mr. Barry, representing a Colorado smelting company, will be present at the next meeting to confer with the members in reference to the erection of a reduction plant in Prescott. Mr. Barry is very favorably impressed with the mining outlook here and, if he receives the proper endorsement from our people, will no doubt erect such works.

THEY ALL ADMIT IT.

I have been taking Dr. J. C. Harrington's general debility with great benefit. Its effect upon the nervous system is wonderful. A case of catarrh, now under my observation, has also nearly succumbed to its corrective influence.

Chas. B. Barron, 106 Seventh St., San Francisco.

CARD FROM CAPT. DUNLAP.

As Dr. J. C. Harrington has just released me from a bad cold I do not hesitate to make mention of it to the public in the interest of other unfortunate who may be similarly afflicted.

Capt. W. F. Shelton, 24 1/2 Sutter St., San Francisco, Feb. 24, 1888.
